

Clubs for Autumn 2026

This term, we are offering a mixture of external and internal clubs. Places will be allocated on a first come, first served basis. Please check the table and club information posters below for details on how to book, as not all clubs are available through the MCAS app.

Club bookings on the MCAS app will open on **Friday 10th July at 17:30** and will close on **Wednesday 2nd September at 10:00**. If you would like to book an MCAS club after this date, please contact the school office directly.

Clubs can be found under the **Clubs** tab on the MCAS app. Please ensure you select the **Available Clubs** tab when booking.

The Autumn Term Clubs will start in the week commencing the **14th of September 2026** and will run to the week commencing the 30th of November (Apart from the RepTylers club which will start a week later and finish a week earlier).

If you would like to pay for a club using childcare vouchers, please add the club to your basket and proceed to the payment page. You will then need to select the **check out offline** payment option.

Please ensure that funds are transferred from your childcare voucher account in plenty of time, as this process is not automated and can take a couple of weeks to complete. We kindly request that all payments are made before clubs begin.

If paying by childcare vouchers, please email the school office with:

- Your voucher code
- The amount paid
- Details of what the payment should be allocated to

When payments are made via childcare vouchers, we only receive the payment reference code, so it is essential that these details are provided to allow us to allocate the funds to the correct account.

If your child is unable to attend a club session, please notify the school office in advance.

Collection from all clubs will be from the front of the school. Children will not be permitted to leave unattended unless they are in Years 5 or 6 and the appropriate walking home permissions have been completed.

If you experience any difficulties when booking through MCAS, please speak to **Vicky in the office**, who will be happy to assist you.

Wraparound

Provision

At Easebourne Wraparound, we pride ourselves on being able to offer a safe and happy environment for the children in our care.

We like to provide our children with activities that encourage them to play together and keep them stimulated. These include: Lego, a variety of board games, puzzles, colouring and a range of arts and crafts. When possible, we enjoy getting active either outside on the field or in our PE hall.

Session times and prices:

Breakfast:

8.00 – 8.40 £4.50

Afterschool:

Session 1: 3.20 – 4.20 £5.50

Session 2: 4.20 – 5.30 £5.50

Session 3: 5.30 – 6.00 £2.75

Session 4: 3.20 – 5.30 £11.00

Session 5: 4.20 – 6.00 £8.25

Session 6: 3.20 – 6.00 £13.00

We offer a selection of breakfast and snack options. Fresh fruit, water and sugar-free squash are always available. We also cater for dietary requirements but please discuss this with us.

Bookings can be made, up to the day before, via the 'MCAS' app.

For more information, or to notify of any changes or updates on the day, please contact Donna Laycock directly by:

Email: wraparound@easebourne.w-sussex.sch.uk **Mobile:** 07399 058781

Dear Parents,

We are delighted to announce that Genie Lab Science club will be back at Easebourne Primary School in Autumn term!

Check out our promotional video to give you an idea of what we do...

<https://vimeo.com/524279300/2d1ed8e9ca>

There will be 11 sessions from Tuesday 15th September to Tuesday 1st December 3.20-4.20pm (no session during October half term).

The cost for the full term will be £126.50

To book and make payment, please go to www.bookwhen.com/genielab

What do we do...?

We cover loads of science topics from pressure, chemical reactions, bubbleology and rocketry to hovercrafts, sound and optical illusion! Examples of the makes our children bring home include telegraphs, torches, Hex bugs, lava lamps and balloon powered cars. They also often work collaboratively in areas such as construction and design, in the past making their very own leaning Tower of Pisa!

In our years of experience, we have found that nothing can resonate better with children than a nurturing environment where they are able to get completely hands on and not be afraid to learn through trial and error. Skills learnt through our programme include communication and team work, analysing, data interpretation, hypothesising, measuring and classifying to name just a few.

Look forward to seeing you!
